Note: An update was made to the lodging units in 67 municipalities, where 834 units were identified with a total of 24,576 rooms. This update allowed for the determination of categories ranging from 1 to 5 stars. Consequently, the methodology was revised: visitors staying in 3-5 star accommodations will now be classified as tourists, while those staying in 1-2 star accommodations will be considered visitors. This change aims to provide a more accurate count of visitors and the economic impact they generate in each region.
