Q1 2026

Gross value added variation
2017 to Q1 2026

Based on data published by the Bank of Mexico in September 2026, the expected growth of the national GDP for 2026 **1.40%** and for 2027 is **1.77%**.

For Chihuahua, the figure is the average of the variations of the Quarterly Indicator of State Economic Activity (QISEA) as of Q1 2026 with seasonally adjusted figures, and for the national level, the figure is the average of the annual GVA as of Q1 2026. Note: INEGI indicates that the average of the quarters of the year in the QISEA can be considered a preliminary indicator of the State Gross Domestic Product trend for that same year.

Gross value added growth per capita
Numbers in constant pesos at 2018 prices - 2017 to Q1 2026

GVA per capita at constant prices in chihuahua grew by **2.5%** from 2017 to 2026. In 2026, the National GVA per capita at constant prices in 2018 was: $179,496 Pesos.

GVA per capita per state
Numbers in current pesos - estimated to Q1 2026

GVA per Capita of Chihuahua State is **$296,428 current pesos**, equivalent to **$16,198 dollars**.

*Source: **CIES** based on INEGI data, national GDP accounts of 2023 based on 2018, and QISEA Q1 2026. Population data taken from ENOE up to Q1 2026. GVA information as of 2025 and 2026 is estimated and may be adjusted when new information is published.*

ABC of terms

*The **Gross Value Added (GVA)** is defined as the sum of the monetary values of goods and services, free of duplications, produced during a specific period, typically a year. It is calculated as the difference between total gross output and total inputs.*

***Note: Figures for family remittances arepreliminary and are subject to further review.*

ABC of terms

Remittances *consist of all current transfers, in cash or in kind, from non-resident households to resident households, generated mainly by the migration of people to foreign economies or vice versa.*

Tourism sector

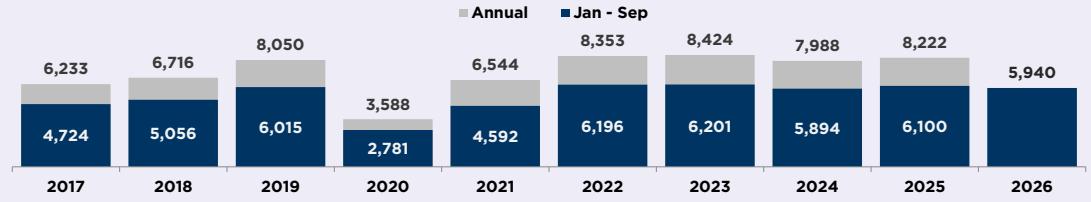

Number of visitors in the state

2017 to 2026 - figures in thousands of visitors

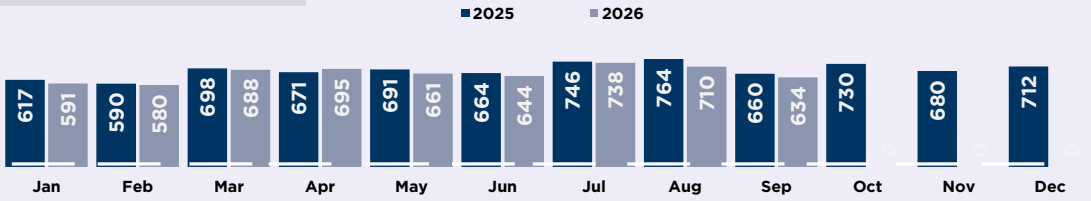

5,940 thousand
Visitors
2026

57.39%
Hotel occupancy rate
September 2026

Accumulated:

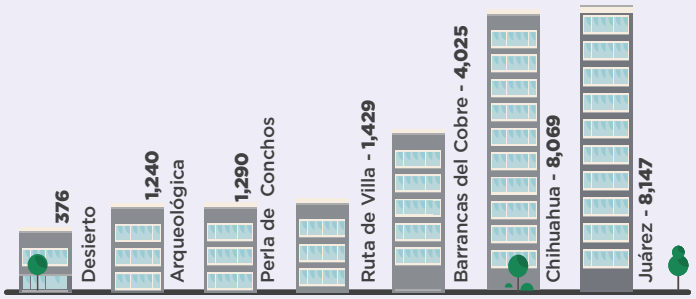

Monthly figure:

Rooms by touristic region

To September 2026

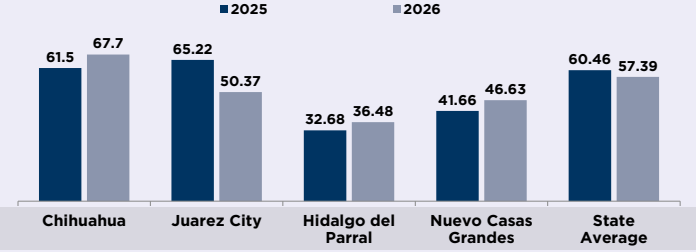

Rooms: **24,576** Lodging establishments: **834**

Note: An update was made to the lodging units in 67 municipalities, where 834 units were identified with a total of 24,576 rooms. This update allowed for the determination of categories ranging from 1 to 5 stars. Consequently, the methodology was revised: visitors staying in 3-5 star accommodations will now be classified as tourists, while those staying in 1-2 star accommodations will be considered visitors. This change aims to provide a more accurate count of visitors and the economic impact they generate in each region.

Hotel occupancy rate

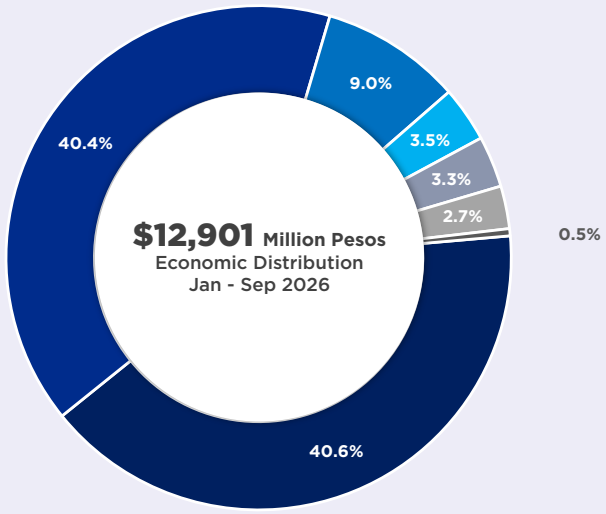

percentage as of September

Note: Statewide average occupancy for the tourist centers mentioned.

Economic distribution

by touristic region - figures in percentage

Distribution by region in million pesos:

$5,236.8	Juárez	$424.0	Ruta de Villa
$5,206.6	Chihuahua	$353.5	Arqueológica
$1,163.4	Barrancas del Cobre	$59.0	Desierto
$458.0	Perla de Conchos		

*Source: **CIES** based on data from the Secretary of Tourism of the Government of the State of Chihuahua.*

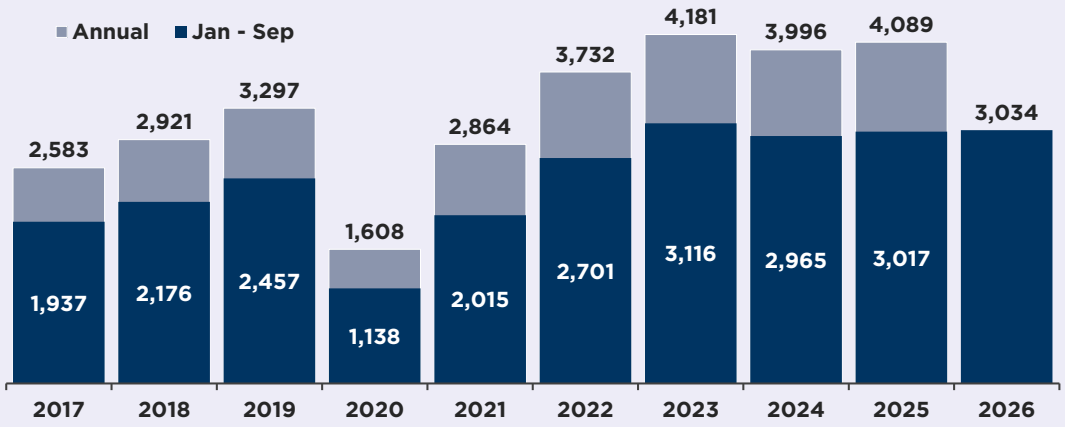

ABC of terms

***Tourism** comprises activities that people engage in during their trips and stays in different places from their usual environment, for a period of time that is consecutive and shorter than a year, for leisure purposes,andotherreasonsunrelated to theexerciseof apaid activityin the visitedplace.*
